Dear Friends:

About 1918, a handful of people raised in the orthodox faith saw the need of founding a church here, in a country new to them. They bought a dwelling, which they converted into a House of Worship in the best way they could. From that time until today, the same building served many generations.

The old church building is just about ready to fall apart from old age. So the church-going people, who came long after the first faithful few, resolved to build a new church to keep alive the faith of their fathers. The task is tremendous. With great effort, they bought a new site, built a foundation, and put up the frame-work. Now the work has slowed to a standstill because funds are harder to get.

We are appealing now to all the faithful for whatever help they may give us. Check or money order may be sent to the Holy Trinity Russian Orthodox Church, % Mr. Harry Truchan, Secretary at the above address.

Gratefully yours,

HOLY TRINITY RUSSIAN ORTHODOX CHURCH
